

Emergency Kit

www.loma.com

To keep your line up and running with minimum down time, Loma has created an "Emergency Kit" specifically for your machine.

Whenever you need spares, you can be sure of an efficient, reliable service from Loma Systems.

Why do you need to consider buying an Emergency Kit?

- The Emergency Kit provides the assurance of minimal down time and a quick response to have your machine up and running;
- To ensure that you continue to enjoy maximum up-time and reduce unplanned maintenance;
- A key part providing a reliable solution is the ongoing supply of genuine Loma/ Cintex spares parts;
- Continue to have consistent high quality performance.

What type of spares to be included:

1. Metal Detector

Intralox Sprocket or Drive Roller & Idle Roller / Pulleys / Bearings / Timing Belt/Chain & Link / PEC

2. Checkweigher

Drive Roller / Idle Roller / Pulleys / Bearings / Seals / Timing Belt / PEC / Air Filtration Module

3. XR X-Ray

Drive Roller / Idle Roller / Pulleys / Bearings / Seals / Timing Belt / PEC / Air Filtration Module

4. Compact XP X-Ray

Drive Roller / Idle Roller / Pulleys / Bearings / Seals / Timing Belt / PEC / Air Filtration Module

5. X4 X-Ray

Drive Roller / Idle Roller / Sprocket/ Pulleys / Bearings / Seals / Chain & Link / PEC / Air Filtration Module

With Loma Service we can help ensure that your investment in your checkweigher, metal detectors and x-ray inspection systems, is protected well into the future.
